

Compatibility: • Eden Cast Iron Gas Stove

Packing List: • Rear Fireback, Ceramic, Reversible Brick/Stucco

WARNING: Turn off gas to appliance and make sure it has fully cooled prior to conducting service. The fireback is fragile. Do not bend it or scrape it against sharp edges.

Installation:

1. Remove the glass frame and logs. (See manual for details).
2. Remove restrictor plate from roof of firebox. See Photo 1.
 - A. Remove the two screws indicated by the arrows. (1/4" nut driver)
 - B. Set the plate and screws aside
3. Loosen screws and remove fireback retainer clips from back of firebox. See Photo 2.
 - A. Loosen, but do not remove, the two screws indicated by the arrows.
 - B. Push the clips up, remove them and set them aside.
