

Consumer Tax Credit for Bio-Mass Appliance Recovery and Reinvestment Tax Act

Section 25C of the Internal Revenue Code - Valid January 1st, 2012 through December 31st, 2013

The thermal efficiency of your Avalon™ has been determined to be greater than 75% and qualifies for tax credits as authorized for biomass-burning home heating stoves by the Economic Recovery and Reinvestment Act. To ensure the Avalon's™ efficiency complies with the guidance published by the U.S. Internal Revenue Service (IRS), Travis Industries, Inc. had the data, calculations, and results reviewed by either OMNI-Test Laboratories, Inc. of Portland, Oregon or Myren Consulting of Colville, Washington. Homeowners should consult their tax advisor to determine whether they qualify for any potential income tax credits.
